

Preliminary program

[Home](#) » Preliminary program

Day 1

Thursday, 7 May

Minimally Invasive Reconstruction & Aesthetics (MIRA) Symposium.

Registration

 10:45 - 11:30

Welcome Remarks

 11:30 - 11:45

Santanelli di Pompeo F.

Clemens M. W.

D'Andrea F.

× *SESSION 1 - From Less Invasive to More Preservative in Aesthetic Breast Surgery*

D'Andrea F.
Session lead

Baynosa R.
Moderator

Faenza M.
Moderator

Minimal Invasive Access: Precision and Control, the Case for Inframammary Augmentation

 11:45 - 12:00

Basu B.

Step By Step: Minimally Invasive Surgical Technique in Augmentation

 12:00 - 12:15

Randquist C.

TBA

 12:15 - 12:30

TBA

Thoughts, Ideas & Implications in Minimally Invasive, Ligament Preserving, Breast Augmentation

 12:30 - 12:45

van der Lei B.

The Less You Do the Better: Patient Selection and Preop Planning

 12:45 - 13:00

Stan C.

Minimal Invasive Access: Hidden Scars, the Case for Transaxillary Augmentation

 13:00 - 13:15

Munhoz A.

Subfascial Breast Augmentation

 13:15 - 13:30

Taimur S.

Lunch

 13:30 - 14:30

× *VIDEO SESSION 2 – Minimally Invasive Robotic Assisted Approaches*

Rocco N.
Session lead

Munhoz A.
Moderator

Toia F.
Moderator

Reimagination of Nipple Sparing Mastectomy: a Variety of Mini-Invasive Solutions

 14:30 - 14:40

Sarfati B.

Workhorse of the Future: Robotic Assisted Latissimus Dorsi Flap

 14:40 - 14:50

Clemens M. W.

Scarless, Seamless, Robotic: the New Era of Minimally Invasive Reconstruction

 14:50 - 15:00

Shuck J.

Single Port Robotic Mastectomy and Immediate Breast Reconstruction

 15:00 - 15:10

Toesca A.

Current Data, Credentialing, & Ensuring Safety in Robotic Surgery

 15:10 - 15:20

Baynosa R.

Evolution in Robotic Assisted Lymphatic Microsurgery

 15:20 - 15:30

Panetta N.

The Convergence of AI & Robotics

 15:30 - 15:40

Schwarz G.

× *SESSION 3 – Controversies and Crossroads in Minimally Invasive Breast Surgery*

Sarfati B.
Session lead

Grimaldi L.
Moderator

van der Lei B.
Moderator

Beyond the Scar: Advancing Quality of Life in Breast Reconstruction

 15:40 - 15:55

Barone M.

Small-Scar Breast Reduction for Big Results

 15:55 - 16:10

Toia F.

Oncoplastic Breast Reduction and Nipple-sparing Mastectomy. What is the Best Approach?

 16:10 - 16:25

Cardoso A.

Less Invasive, Highly Effective: The Power of IMAP and MICAP Flaps

 16:25 - 16:40

Nahabedian M.

Preserving Mastectomy Flaps Perfusion: Which Is the Best Approach?

 16:40 - 16:55

Rocco N.

My Most Challenging Cases: Nipple Sparing Mastectomy in Large and Ptotic Breasts

 16:55 - 17:10

Colwell A.

Breast Replacement and Integration with Fat Augmented TRAM Flap

 17:10 - 17:25

Nguyen D.T.

Adjournment

 17:25 - 17:30

Welcome Reception

 18:30 - 20:00

Day 2
Friday, 8 May

11th International Breast Surgery Workshop

× *SESSION 4 – Mastering Implants to Shape Aesthetic Outcomes*

Garvey P.
Session lead

Kuykendall L.
Moderator

Randquist C.
Moderator

Round Control: Implant Exchange via the Circumareolar Approach

 08:30 - 08:45

Schonauer F.

Removal to Renewal: Approaches to Explantation and Soft Tissue Remodelling

 08:45 - 09:00

Giunta R.

TBA

 09:00 - 09:15

TBA

Patient Participation to Implant Size Selection: Analysis of 1840 Primary Breast Augmentations

 09:15 - 09:30

Kolasiński J.

Cracks Beneath the Surface: Understanding Implant Rupture and its Implications

 09:30 - 09:45

Herly M.

Capsule Debate: From Anatomic to Round Implants: What Do You Need to Know?

 09:45 - 10:00

Stan C.

Capsule Debate: From Anatomic to Round Implants With Total Capsulectomy

🕒 10:00 - 10:15

Paolini G.

Coffee break

🕒 10:15 - 10:45

× *SESSION 5 - Controversies and Crossroads in Breast Reconstruction*

Schonauer F.
Session lead

Colwell A.
Moderator

Di Benedetto G.
Moderator

Prepectoral Reconstruction Debate: Stability Without Mesh, the Case for Polyurethane Implants

🕒 10:45 - 11:00

Cagli B.

Prepectoral Reconstruction Debate: Control Through Coverage, The Case for ADM and Implants

🕒 11:00 - 11:15

Berna G.

Radiotherapy in Reconstruction Debate: Strategies for Autologous Tissue Transfer

🕒 11:15 - 11:30

Trignano E.

Radiotherapy in Reconstruction Debate: a Clear Autologous Advantage

🕒 11:30 - 11:45

Garvey P.

The Perforator Planning Debate: Mind's Eye, Visual Triggers and Cortical Logic in Flap Planning

🕒 11:45 - 12:00

Santanelli di Pompeo F.

The Perforator Planning Debate: Augmented Reality and the Future of Perforator Mapping

 12:00 - 12:15

Momeni A.

Welcome Remarks Authorities

 12:15 - 12:30

Lunch

 12:30 - 13:30

× VIDEO SESSION 6 – Pearls, Techniques and Surgical Innovation in Aesthetic and Reconstructive Breast Surgery

Persichetti P.
Session lead

Cervelli V.
Moderator

Panetta N.
Moderator

The Fix Nip to the Nipple for a Comprehensive Breast Reconstruction

 13:30 - 13:40

Riccio M.

Optimizing the Circumflex Scapular Vessels: Stepwise Approach to Flap Readiness

 13:40 - 13:50

Sorotos M.

Reviving the Omentum: Flap-Based Solutions for Lymphedema Management

 13:50 - 14:00

Chu C.

Integrating Lymphatic Surgery: Emerging Concepts

 14:00 - 14:10

Schaverien M.

Technical Refinements in Breast Reconstruction with the Lumbar Artery Perforator (LAP) Flap

🕒 14:10 - 14:20

Ulrich D.

Prepectoral Conversion in Revisional Reconstructive Breast Surgery: a Step-By-Step Approach

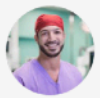

🕒 14:20 - 14:30

Evans G.

Pap Flap Planning and Surgical Dissection

🕒 14:30 - 14:40

Figus A.

Composite Breast Reconstruction: Challenging Aspects

🕒 14:40 - 14:50

Harder Y.

Never Settle for “Good Enough”: Optimizing DIEPs with Secondary Augmentations & Lifts

🕒 14:50 - 15:00

Dayicioglu D.

× *SESSION 7 – Innovations in Breast Reconstruction: From Perfusion to Precision*

Jecan R. C.
Session lead

Maruccia M.
Moderator

Momeni A.
Moderator

Prophylactic Venous Supercharging in Deep Inferior Epigastric Artery Perforator Flap Surgery

🕒 15:00 - 15:15

Lombardo R.

DIEP in the Danger Zone: Managing Risk in Radiated Breast Fields

🕒 15:15 - 15:30

Brunetti B.

ICG Fluorescence to Guide Flap Assessment and Mastectomy Skin Management

 15:30 - 15:45

Venturi M.

Vein Drainage and DIEP Flap Perfusion

 15:45 - 16:00

Rubino C.

Early Perfusion Dynamics in DIEP Flaps: The First 72 Hours of Recovery

 16:00 - 16:15

Giunta R.

When Microsurgical Breast Reconstruction Meets Minimally Invasive Mastectomy: the Role of Microsurgery in Developing Robot- and Endoscope-Assisted Mastectomy

 16:15 - 16:30

Huang J.

Quantifying Perfusion: The Role of Intraoperative Imaging in Flap Viability

 16:30 - 16:45

Nahabedian M.

Adjournment

 16:45

Conference Dinner

 20:30

Day 3
Saturday, 9 May

*11th International Breast Surgery
Workshop*

× *SESSION 8 - Debates on Controversies and Crossroads in Breast Aesthetics*

Giudice G.
Session lead

Berna G.
Moderator

McCulley S.
Moderator

Breast Augmentation Subfascial Plane: Muscle Matters

🕒 08:30 - 08:45

Mayo F.

Breast Augmentation Subglandular Plane: Direct, Defined, and Less Disruptive

🕒 08:45 - 09:00

Stepic N.

Tuberous Breast, Implant Correction: Precision, Projection, and Predictability

🕒 09:00 - 09:15

McCulley S.

Tuberous Breast, Autologous-Based Correction: Natural Contour Through Fat and Flap

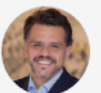

🕒 09:15 - 09:30

Abboud N.

Breast Asymmetry: Implant-Based Correction, Predictability

🕒 09:30 - 09:45

Munhoz A.

Breast Asymmetry Debate: Autologous-Based Correction, Tailored Harmony

🕒 09:45 - 10:00

Berrino P.

Coffee Break

 10:00 - 10:30

× ***SESSION 9 – What Keeps Us Up at Night: The Greatest Reconstructive Challenges***

Taimur S.
Session lead

Brown C.
Moderator

Pignatti M.
Moderator

Direct To Implant for Nearly Every Patient

 10:30 - 10:45

Colwell A.

The Italian Multicenter Study: Defining Outcomes of Radiotherapy in Implant-Based Reconstruction

 10:45 - 11:00

Vindigni V.

Prepectoral Reconstruction of Large and Ptotic Breast: What Do We Expect from It?

 11:00 - 11:15

Di Benedetto G.

Explantation and Mastopexy – Strategies and Techniques in Cosmetic and Cancer Settings

 11:15 - 11:30

McCulley S.

Management of the GLP1 Breast

 11:30 - 11:45

Basu B.

Immediate Nerve Repair and Mastectomy Reinnervation

 11:45 - 12:00

Roubaud M.

Infected Implant: When and What to do

🕒 12:00 - 12:15

Momeni A.

Adjournment

🕒 12:15 - 12:20

Lunch

🕒 12:20 - 13:10

Day 3

Saturday, 9 May

7th World Consensus Conference on BIA-ALCL

Opening Remarks and Program Presentation

🕒 13:10 - 13:15

Santanelli di Pompeo F.

Clemens M. W.

× *SESSION 1 – Breast Implant Safety: Evidence and Evolution*

Marchetti P.
Session lead

Ulrich D.
Moderator

Wolfram Raunicher D.
Moderator

Preclinical Perspectives on Implant Safety: A Systematic Review of Animal Models

🕒 13:15 - 13:30

Mares T.

Do Patient Characteristics & Comorbidities Influence BIA-ALCL Likelihood?

🕒 13:30 - 13:45

Santanelli di Pompeo F.

The Capsule in Focus: Translational Discoveries Shaping Implant Safety

🕒 13:45 - 14:00

Sorotos M.

Personalized Risk: Genetic Determinants of BIA-ALCL

🕒 14:00 - 14:15

Di Napoli A.

Breast Implants Elicit Local and Systemic Immune Response: Evidence for Breast Cancer Immunosurveillance

🕒 14:15 - 14:30

Fracol M.

Drivers of Capsular Contracture: Biofilm

🕒 14:30 - 14:45

Wixtrom R.

The Forgotten Silicone Leackage: a Potential Strong Driver of Capsula Contracture

🕒 14:45 - 15:00

Herly M.

× *SESSION 2 - Controversies and Crossroads in BIA-ALCL*

Evans G.
Session lead

Di Napoli A.
Moderator

Fracol M.
Moderator

BIA-ALCL: International Patterns and Evolving Global Insights

🕒 15:00 - 15:15

Firmani G.

Follow-up Strategies for Breast Implant Patients

🕒 15:15 - 15:30

Kolasiński J.

Management of Capsule in Patients with Textured Implants

🕒 15:30 - 15:45

Berrino P.

BIA-ALCL and Germline Mutations: What Should We Consider

 15:45 - 16:00

Wolfram Raunicher D.

Diagnosis Only in Seroma: Does it Count as BIA-ALCL?

 16:00 - 16:15

Ulrich D.

From Diagnosis to Cure: Multimodal Management of Advanced BIA-ALCL

 16:15 - 16:30

Clemens M.W.

× SESSION 3 - National Ethics, Clinical Trials and Advanced Therapies in BIA-ALCL

Clemens M.W.
Moderator

Santanelli di Pompeo F.
Moderator

AAPS Secretary

 16:30 - 16:40

Evans G.

ASPS President

 16:40 - 16:50

Basu B.

EURAPS President

 16:50 - 17:00

Edsander-Nord Å.

ESPRAS Representative

 17:00 - 17:10

Wolfram Raunicher D.

SICPRE President

 17:10 - 17:20

Bassetto F.

UEMS President – Section PRAS

 17:20 - 17:30

Portincasa A.

CEN-ATMP President

 17:30 - 17:40

Poscia R.

Questions & Answers

 17:40 - 18:10

Closing Remarks

 18:10 - 18:15

Santanelli di Pompeo F.

Clemens M. W.
